

## Senior Flutter Developer – Remote (Vietnam) | Kaski.ai

Kaski.ai is a Finnish startup building a premium AI-powered performance coaching platform for all skill levels, from elite athletes to casual enthusiasts. We are looking for a **senior-level Flutter Developer** to lead the development of our mobile app. This will begin as a project-based role with a strong likelihood of becoming a long-term engagement if there's a great fit.

**Location:** Remote (Vietnam-based)

**Start date:** Flexible – ideally during July

**Engagement:** Freelance/contract with potential for long-term

**Salary:** up to 60,000,000 VND

---

### Technical Requirements:

- **3+ years of independent experience with Flutter** (UI/UX focus highly valued)
  - Proven ability to **deploy apps on both Android & iOS**, including app store publishing
  - Proficient with **Node.js**
  - Nice-to-haves:
    - Experience with **payment systems** (e.g. Stripe)
    - Familiarity with external databases (e.g. PostgreSQL)
    - Exposure to **AI-related functionality**
- 

### Soft Skills & Fit:

- **Excellent English** (written & spoken) – must be able to collaborate clearly in a remote team. The first interview is in English, and we would like to underline that this is a must. Our Tech Lead is Vietnamese, but you will become a part of a bigger team.
- **Pixel-perfect mindset** – quality over quantity; our users expect a premium experience, and so do we.
- Awareness of **security best practices** is a big plus (we have a team in place, but your input matters)

- You are reliable, proactive – and not afraid to ask for help
- 

## **How to Apply:**

Please send the following to  **recruitment@kaski.ai**:

1. Your **CV and/or LinkedIn profile**
2. A **PDF application letter** that describes your background, past projects, and why you're a great fit for this role

We will shortlist the top 3 candidates for interviews. The first interview will be conducted by our CEO, followed by a technical interview with our lead developers.

---

## **About Kaski.ai:**

We're building a premium digital coaching experience for athletes. There's not much information about us online yet, and we are planning to launch during 2025. We are backed by experts in AI, medicine, and professional sports, we're on a mission to redefine human performance. If you value quality and want to work on something meaningful, we'd love to hear from you.
